

# Hazem Ashraf Taha Rabie

## Front-End Developer (Next.js)

📞 01013974594 | 📩 [hazemashraf.programming@gmail.com](mailto:hazemashraf.programming@gmail.com) 🔗 [LinkedIn](#) | 💻 [GitHub](#)

### Professional Summary

---

Motivated Front-End Developer specializing in React.js and Next.js, with strong hands-on experience building responsive, dynamic, and user-focused web applications. Proficient in modern front-end technologies including TypeScript, JavaScript (ES6+), Tailwind CSS, Bootstrap, Sass, and jQuery, with a focus on clean architecture, reusable components, and high-performance UI development.

Experienced as a Front-End instructor in a startup environment, delivering complete projects, simplifying complex concepts, and mentoring students throughout their development journey.

Additionally familiar with backend fundamentals — including SQL Server, Node.js basics, OOP principles, C#, C++, and algorithms — enabling effective collaboration within full-stack teams and contributing to scalable, maintainable system design.

### Technical Skills

---

- Frontend: HTML5, CSS3, JavaScript (ES6+), TypeScript, React.js, Next.js, Tailwind CSS, Bootstrap, Sass, jQuery, DOM & BOM, AJAX, JSON, Asynchronous Programming, Regular Expressions.
- Version Control: Git, GitHub.
- Other: SQL Server, C#, C++, OOP, Algorithms, Problem Solving.

### Professional Experience

---

#### Front-End Instructor & Developer Startup Company | 2023 – 2024

- Delivered complete front-end development courses, covering HTML, CSS, JavaScript, React.js, and modern supporting tools and frameworks.
- Mentored students through hands-on projects, providing technical guidance, code reviews, and best practices in clean and scalable development.
- Designed and built a full University Management System using SQL Server, including modules for student registration, attendance tracking, grades management, and course enrollment.
- Developed various front-end applications, including authentication systems (login/signup), dashboards, interactive UI components, and responsive web tools.

### Projects

---

Developed 30+ projects using React.js, JavaScript, TypeScript, SQL, and other modern technologies. Key projects include:

- Portfolio Website – Fully responsive Next.js-based portfolio showcasing projects and skills.
- University Management System – SQL Server backend with complete student/course management features.
- E-commerce Website – Dynamic next.js and react UI with product listing, filtering, and cart system.
- Social Media App – React-based platform with user posts, comments, and profile management.

### Education

---

Bachelor's in Business Information Systems (BIS) – Modern Academy University

Expected Graduation: 2026 | Grade: Very Good

### Certifications & Courses

---

- Front-End Development Course
- C++ Programming Course
- React.js Development Course
- Certifications from various institutions
